

MUSTANG

MV-ARM 4

Mustang's MV-ARM4 offers a secure easy installation, integrated cable management, and tilt, swivel and pan for ideal positioning. Ideal for 43-60" flat panels, the MV-ARM4 is the best articulating dual arm mount in its class.

The Mustang MV-ARM4 articulating dual arm wall mount is designed to allow simple and easy repositioning of medium flat panel displays. Flat panels can be extended out from the wall, tilted +10/-5 degrees up and down, and swiveled 180 degrees left and right. Quick and easy to install, the MV-ARM4 features a "Lift and Lock" design which enables you to lift the flat panel onto the arm and lock it into place. The MV-ARM4 is guaranteed to fit all large flat panels with VESA compliant mounting holes. The endless viewing possibilities, sleek steel finish, and ease of use make the MV-ARM4 the best value in its class.
