

Unique Features

“Dual Backpack”

Roll it on wheels or wear it on your back, the ePac Roller Backpack is a true 'Dual Backpack'! The back flap releases the straps when you want to wear it regularly and acts as a padded wheel cover with Velcro attachment. The handle comes out of the pocket, extends 41" high and locks in place.

Hidden Handle Pocket

Foam-Padded Wheel Cover with Velcro Attachment

“Jelly-Foam” Straps

This rubbery compound adds a cushioning effect by softening the impact of a heavy load around your shoulders. The 'jelly centres' are surrounded with ultra-thick, foam-mesh padding to further add to the comfort of the strap. They tuck away nicely in the zipper compartment when not in use!

Zippered Section reveals Hidden Straps

“Accessory Pocket”

The ePac Roller comes equipped with an extra pocket for all of your cables and adapters! It's located on the backside with zippers on each side for quick and easy access!

“Side-Slider”

Laptop Pocket

The unique “Side-Slider” laptop pocket is surrounded by 4 ultra thick, Polyurethane foam walls. The massive Polyurethane foam block on the bottom further protects your laptop in case of a verticle drop! The side zipper is secure yet allows for quick and easy access!
